

Character Trait Web Name _____

A character trait web template consisting of a central rounded square and six surrounding circles, all outlined in blue. The central rounded square is positioned in the middle of the page. Six circles are arranged around it: one at the top, one at the bottom, one on the left, one on the right, and one in the top-left and bottom-right corners. The circles are intended for drawing a character's picture, while the central square is for writing the character's name and traits.
