

Character Trait Web Name _____

A character trait web template consisting of a central rounded rectangle and six surrounding circles, all outlined in blue. The central rounded rectangle is positioned in the middle of the page. Six circles are arranged around it: one at the top, one at the bottom, one on the left, one on the right, and one in the top-left and bottom-right corners. The circles are intended for drawing a picture of the character, while the central rounded rectangle is for writing the character's name and traits.
